Gentlemen:

As a resident of Volusia County, I am writing you to show my support for the plans to renourish the designated critically eroded beaches of Volusia County by implementing and funding a long-term beach restoration management program. The beaches of Volusia County and the tourists they attract create jobs for the residents of the county, as well as pump money into our local economy. Without the money spent by the visitors to our area, many of our jobs could be in jeopardy. Additionally, the taxes paid by properties located near the beach help support the local services my family uses, like the public schools and parks, just to name a few.

Thank you for realizing how important the beaches are to everybody in Volusia County, whether they own property near the beach or not. I appreciate your efforts to solve this problem, and please continue to move forward with the plans to begin the renourishment process as quickly as possible.

Sincerely,
